

EnvisionWare's 3-bin Compact Sorter is designed specifically to meet the space and budget needs of smaller libraries and libraries with space limitations.

Extremely efficient and flexible, this small sorter offers low power consumption and is easy to implement. The Compact Sorter is quiet and small enough to be installed in a public area, behind a staff circulation desk or in a separate room, depending on the needs of the library.

- Very small footprint
- Extremely low power consumption
- Fast and accurate
- Ultra quiet, all electric design
- Gentle handling manages paperbacks without damage
- RFID, barcode or both
- Intuitive touch screen patron interface
- Multiple language support
